

We Are HIRING

Service Department Manager

As our current Service Department Manager transitions to a part-time advisory role ahead of retirement, we are seeking a dynamic leader to join our team.

This is an excellent opportunity for an experienced leader ready to take on a new challenge—bringing strategic insight, strong team leadership, and a customer-first mindset to a well-established organization.

Reporting to the President, the Service Department Manager has the following key responsibilities:

- Lead and Develop the Service Team
- Drive Financial Performance
- Lead Business Development Efforts
- Build Strong Customer Relationships
- Improve Processes

While experience in the mechanical/electrical industry is an asset, we welcome strong candidates from diverse backgrounds.
