

On May 9, the Fort Garry Grand Ballroom was transformed into a regal setting fit for high society as guests stepped into the world of Bridgerton for the 2025 President's Ball.

Upon arrival, attendees were greeted with a glass of prosecco handed to them by President Wayne McKenzie. Surrounded by décor reminiscent of the Regency era, guests mingled to the sounds of a live string quartet. Dressed in their finest attire, most embraced the theme with style, though it was Robert and Cynthia Gray who were crowned "Diamonds of the Season".

The evening featured a three-course meal, including a Cornish game hen and crème brûlée. Entertainment included a round of music bingo and ballroom dance lessons, where guests learned the waltz and quadrille.

The event featured a selfie station and photo-capturing Roverbot, along with horse race betting and casino games. Guests earned tickets through activities which they could enter into a draw for grand prizes including a Blackstone grill, an electric bike, a Ninja appliance set, and more.

The 2025 President's Ball will be remembered for seasons to come.
