365 TECHNOLOGIES INC.

FOR A LIMITED TIME
SAVE ON SECURITY AWARENESS TRAINING (SAT)

Get 12 months of Security Awareness Training for the price of 10 plus a free simulated phishing test to see how your team stacks up.

Only $12.50 per user/month (billed annually) *Regular price $15 per user/month*

Offer available only until October 31, 2025

Why Security Awareness Training Matters

Effective Security Awareness Training (SAT) equips employees with the knowledge and skills to identify and report cyber threats before they become costly breaches. Investing in the right SAT program strengthens your organization's security culture, reducing risk and improving resilience.

What's included?
With this promotion, you'll get:

- 12 months of managed Security Awareness Training for the price of 10
- Free simulated phishing test to measure risk and improvement[†]
- Monthly micro-learning modules that keep staff engaged
- Real-world phishing simulations to test readiness
- Reports and insights for compliance tracking and management visibility
- Hands-off administration; we handle setup, reminders, and reporting
