

CROSS-BORDER US/CANADA LESS-THAN-TRUCKLOAD (LTL)

PREFERRED PRICING PROGRAM

Mechanical Contractors Association
of Manitoba (MCAM)

Cross-border US/Canada LTL (Less than Truckload)

Day & Ross is excited to be partnering with Mechanical Contractors Association of Manitoba (MCAM) to offer promotional cross-border LTL pricing to all membership. Day & Ross, in conjunction with our exclusive, long-standing US partner R+L Carriers, operates more than 185 freight terminals across North America, allowing for seamless track and trace capability and border clearance at seven strategic crossing locations along the Canada/US border. Below are some of the highlights of the pricing program:

- A 90% discount on all freight originating in/destined for the USA, to/from Manitoba, Saskatchewan & Ontario.
- Density-based rating program with further discounts for low-density/light weight commodities like insulation, ducting, plastic pipe and fittings.
- Discounted accessorial fees for pickups/deliveries to private residence/limited access areas (schools/universities) and construction sites, as well as for liftgate/tailgate service where available.
- FCA (Freight Carriers Association) fuel pricing up to 20' of trailer/20,000 lbs
- MCAM exclusive account manager, with over 17 years experience in the logistics industry, to guide membership in account setup and assist with any logistics-related questions or concerns, including support on cross-border shipping.
- Private credentials for the Day & Ross shipping portal allowing instant accessibility to quoting, booking pickups, creating shipping documentation, tracking shipments and managing invoices.
