Following MCAM's December 19, 2025, update relating to the Manitoba Jobs Agreement (MJA), we are providing members with additional information. MCAM recognizes the sensitivity of this public policy across all industry sectors and remains committed to advancing the most effective path for meaningful improvement of the MJA.

Following the December 12 stakeholder engagement session with department and MJA leadership. MCAM met with Honourable Mintu Sandhu, Minister of Public Service Delivery and key department staff. The purpose of this meeting was to outline key concerns MCAM and ECAM contractors have identified relating to the MJA. MCAM also met with Obby Khan, leader of the opposition and Josh Guenter, Public Service Delivery Critic. MCAM highlighted 5 key concerns of both an operational and political nature. The outcomes of these meetings was a commitment from MCAM and ECAM to provide a Joint Supplementary Submission outlining these concerns and a commitment of continued engagement by both the political and operational levels of government.

January, MCAM arranged one on one meetings for MCAM Contractors with departmental and MJA leadership. The purpose of these meetings was to share candid contractor perspectives relating to the MJA. Participating contractors represented a cross section of the industry, open-shop and union, rural and urban working in the publicly funded capital project space.

MCAM's Joint Supplementary Submission may be found [HERE](#). It clearly outlines the five concern MCAM members have identified. MCAM will continue advocating with the Minister and operational leadership advocating for real solutions to real concerns.
