

The MCAM Board of Director's is committed to maintaining a charitable profile with the goal of having a positive impact in Manitoba for Manitobans. As such MCAM selects a "Charity of Choice", providing a commitment to the charity/charities for a time period consistent with the Association's Strategic Plan. This provides a 5-year commitment to the selected Charity/Charities of Choice, making planning and budgeting for the charity predictable. As well, it provides MCAM membership the opportunity to nominate charities meaningful to them.

Please help support our 2022-2027 Charities of Choice.
