

CURRENT AND WOULD-BE APPRENTICES IN MANITOBA

Help improve apprenticeship pathways in Manitoba

Share your experience finding apprentice employment opportunities.

Leger, a Manitoba-based research company, is partnering with Winnipeg Economic Development & Tourism to better understand how current and would-be apprentices look for work and connect with employers.

We want to hear from apprentices/would be apprentices about:

- 1 What has your experience been like trying to get hired as an apprentice?
- 2 Where do you find opportunities, and who do you speak with?
- 3 What would make the process of finding apprentice employment easier?

Take the apprentice survey

Scan the QR code or paste the final survey link below:

https://di.legeropinion.com/survey/selfserve/542/cw10229_10016353_1?list=0&target=18

The survey takes about 7 to 8 minutes.

Thank you for helping improve apprenticeship pathways in Manitoba.

MANITOBA EMPLOYERS WHO HIRE OR HAVE HIRED APPRENTICES

Help improve apprentice hiring in Manitoba

Tell us how your business finds, hires, and works with apprentices.

Leger, a Manitoba-based research company, is partnering with Winnipeg Economic Development & Tourism to better understand how Manitoba businesses find and hire apprentices to support their operations.

We want to hear from business owners/leaders about:

- 1 Which apprentices are most in demand for your business or sector?
- 2 Where and how do you find and hire apprentices?
- 3 What is the hiring process like for businesses?
- 4 What would make finding and hiring apprentices easier?

Take the employer survey

Scan the QR code or paste the final survey link below:

https://di.legeropinion.com/survey/selfserve/542/cw10229_10016353_1_2?list=0&target=18

The survey takes about 7 to 8 minutes.

Thank you for helping improve apprenticeship pathways in Manitoba.
