

2021 MCAM PIONEER INDUCTEES

The Board reviewed the Pioneer nominations and supported nominations for Paul Tougas (WESTWOOD) and Kevin McGleish (EMCO).

A Pioneer is a person who has made a significant contribution to the Mechanical Industry by demonstrating actions characteristic of a Pioneer; innovator, inventor, forerunner, developer or creator.

This contribution may have been in the form of service to the association through strategic planning and volunteering or ideas and/or actions directly impacting the functioning of the Industry through activities such as driving legislation, mentorship and innovative change.

Paul Tougas, highly respected by his peers and referred to as a “class act”, Paul enjoyed over 30 years in the industry. Paul was a longtime member of MCAM and a contributing board member.

Kevin McGleish began his plumbing career in 1969. In 1976 joined EMCO where his career advanced. Kevin retired from his position as Sales Manager of Industrial and Hydronics in 2018; serving the industry for just shy of half a century!

MCAM hopes to celebrate the induction of Paul and Kevin in person with Industry colleagues and fellow pioneers this fall.
