

SURVEY: **Red Seal Occupational Standard (RSOS) for the Plumber**

You are invited to participate in a review of the draft Red Seal Occupational Standard (RSOS) for the Plumber trade for Canada.

A national committee of industry trade experts and apprenticeship instructors from across Canada have completed a draft of the Red Seal Occupational Standard (RSOS) for the trade of Plumber. MCAM successfully nominated representation to the committee. The MCA Canada representative was a Manitoba MCAM contractor member as well. The draft will now be reviewed and validated by a provincial industry and apprenticeship committee. In preparation for the review, Apprenticeship Manitoba has invited plumbing trade contractors and tradespeople the opportunity to participate in a survey. Feedback from the survey will help inform the provincial committee. The survey provides and overview of the draft Standard and requests feedback from participants .

DEADLINE MARCH 30, 2022

The survey is voluntary & anonymous
